

Light-weight and exceptionally strong

Bingham & Taylor's AccuRound® Injection Molded Meter Pits and Boxes are specifically designed to be light-weight and exceptionally strong with 100% virgin polypropylene (no recycled content). Extensions are designed to easily mount on top of AccuRound® boxes and pits.

Larger diameter meter pits are available in high-strength rotational molded polymer.

Straight-Walled	Bullet-Nose	Bullet-Nose Extensions	Roto-Molded	Roto-Molded Extensions
18" x 24"	18" x 22" x 30"	20" x 24" x 6"	30" x 30"	30" x 3"
18" x 30"	20" x 24" x 30"	20" x 24" x 12"	36" x 30"	30" x 6"
18" x 36"		20" x 24" x 18"	36" x 36"	36" x 3"
20" x 30"				36" x 6"
20" x 36"				
24" x 30"				

Injection Molded Pit Benefits:

- Quick and easy installation
- 100% virgin polypropylene (no recycled content)
- Can be used as a meter pit or large valve box
- Ribbed interior for high strength and stiffness
- Extensions mount easily on to B&T 24" pits with clip system
- Meets 20,000 lb proof load
- Resists heat, cold and UV
- Bright white, interior work space
- Rigid base makes for easy installation and resists settling
- Two pipe entry areas (3" x 4")

Rotational Molded Pit Benefits:

- Exceptional strength and quality
- Available in 30" and 36" diameter
- Wide base resists settling
- Meets 20,000 lb proof load
- Resists heat, cold, and UV
- Two pipe entry areas (3" x 4")

Do you have:

1. Inconsistently round meter pits that don't fit well with the meter frame?
2. Inferior meter pits that crack and break easily?
3. Heavy meter pits that are difficult to install?

Solution:

Bingham & Taylor AccuRound® Meter Pits
