

Maverick Meter Lids

AMI/AMR VERSATILITY

- Smart Inserts make it easy to swap out transmitters as needed
- Inserts available for Neptune, Sensus, Mueller or Badger/Orion
- Lids available in diameters from 12.25" - 13.00"
- Larger Diameter of 21.25" available with cast iron ring and 12.25" lid
- Under the lid mounting available on the solid lid
- Custom lettering and logo also available

DESIGNED FOR DURABILITY

- Made from fiberglass reinforced polypropylene
- Can withstand loading of 20,000 lbs
- Underside ribbing has unique design to give added support
- Pentabolt and worm gear mechanism securely fit the lid under the rim of the frame

ASSEMBLIES

- Numerous Cast Iron Frame options available.
- Make sure you ask your Sales Director about the best meter lid and frame combination.
- Injection-molded and rotational molded meter pits available for full pit, frame, and lid assemblies.
