## **Bingham & Taylor AIS and BABA Compliance**

January 25, 2023

**B&T** is a certified woman-owned (WBE) manufacturing company servicing the needs of utility providers throughout the US. As a leader in innovation, we strive to use technology to meet the current and emerging needs of our customers.

From our three US-based manufacturing facilities, we offer the most complete line of domestically-produced cast iron and plastic products for utility service access-including valve boxes, curb boxes, meter pits, and a full compliment of accessory products. **All of our products are proudly made in the USA and fully AIS and BABA compliant.**

- **Certified woman-owned business (WBE)**
- **All cast iron poured in the US (AIS and BABA compliant)**
- **All products manufactured in the US (AIS and BABA compliant)**
- **Domestically-sourced raw materials**
- **Proven history of supporting lead-free service line replacement projects**
- **Custom lid programs for identification, demarcation, safety and security**
- **Technical support for project planning and compliance**

We invite you to learn more about us by visiting our website at:
